PARENT & CHILD
CREATING MEMORIES TOGETHER

THAT WILL LAST TWO LIFETIMES

Join the Premier Parent-Child Program

Create Lifetime Memories Between Parent And Child

Presented by National Longhouse Ltd, these Native American Indian Themed Programs are designed to:

- ◆ Strengthen the parent-child bond that will last a lifetime.
- ◆ Develop new friendships for both parent and child.
- ◆ Create and present situations to spark the parent-child relationship.
- ◆ Experience new things together. Be part of your child's growth
- ◆ Just have fun together

The Native American Theme serves as a common level of interest between parent & child not only to learn about that culture but to reinforce traditional family values.

Programs are designed for Parents and Children, ages 5 on up.

Local chapters tailor their programs to meet the needs of their communities and membership.

Native Dads & Sons®

Native Dads & Daughters™
